Portable Water Tanks

Tough, Durable Liners:

- ★ **22 oz. vinyl coated material.** Extremely durable and versatile; with high tensile and tear strength. All seams are electronically welded, not sewn, which provides a strong and water-tight seam with good strength. 22 oz. vinyl is available in many colors. Standard colors are yellow and red. Resistant to +178° F. and -40° F. All liners come with brass grommets and 5/16" rope. Liners can be installed to the frame at Syntex, as an option.

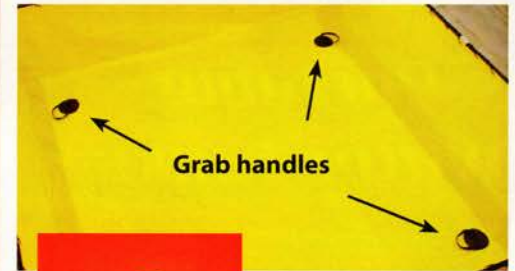

All Syntex products carry a two-year warranty!!

Capacity (in gallons)	Dimensions (open)	Steel Weight (includes liner)	Aluminum Weight (includes liner)
600	6' x 6' x 30"	95 lbs.	68 lbs.
1,000	8' x 8' x 30"	112 lbs.	80 lbs.
1,500	10' x 10' x 30"	129 lbs.	92 lbs.
2,100	11'3" x 11'3" x 30"	160 lbs.	116 lbs.
2,500	12' x 12' x 30"	171 lbs.	125 lbs.
3,000	13'3" x 13'3" x 30"	188 lbs.	137 lbs.
3,500	14' x 14' x 30"	202 lbs.	150 lbs.
4,000	15' x 15' x 30"	220 lbs.	165 lbs.
5,000	17' x 17' x 30"	252 lbs.	187 lbs.

Special sizes available upon request.
Syntex liners will fit other brands of frames.

Every Syntex water tank comes with one large discharge chute for fast emptying. Additional chutes are available, as an option.

Grab Handles

Three grab handles are standard on all water tanks, more can be added as an option. The handles help to aid in the draining process. The handles are made from the same heavy duty vinyl and are glued to the water tank.

Quick Snap Latch comes standard on all Syntex water tanks. Saves time, no more tying knots in rope to hold the chute.

Safety Hinge. Much safer for the fire fighters. Also, eliminates the chance for the liner getting pinched, causing a tear.

Standard Folding Water Tanks

When not in use standard Syntex water tanks fold to 7" wide!

Double Folding Water Tanks

This model works great when length is a problem. Tank is 30" high and width folds to only 15". Sizes range from 600-5,000 gallons, available in both steel and aluminum.

Custom Hosebed Covers

Keeps the hose secure and protects other vehicles while traveling down the road!

Ordering from Syntex is E-Z!

- ★ Heavy duty 18 oz. vinyl coated fabric.
- ★ Fabric will withstand -40° F.
- ★ Many colors to choose from.
- ★ Resistant to mildew, dry rot, and damage from sunlight.
- ★ Customized to exact bed size.
- ★ Fast delivery right to your door! Add letters or numbers - reflective lettering also available.
- ★ Whatever your preference: side release buckles, seat belt buckles, flip-top buckles, squeeze buckles, turn buttons, lit-a-dots, snaps, grommets with shock cord, aluminum extrusion and Velcro. Other fasteners available as an option.

Crosslay and Speedlay Covers

Keep various items in place while traveling down the road. Available using black, red, or blue 2" webbing. Customized to fit exact opening size. Hardware options listed under hosebed covers.

NFPA Compliant Chevron Reflective Material

Provides more safety for the fire departments and are readily seen by other drivers. Made with micro-prismatic high gloss PVC tapes, which are of the highest quality.

Custom sizes are available.

Salvage Covers/ Floor Runners/ Ground Covers

Salvage Covers – Protects property from severe damage after fighting a fire. Available in vinyl and flame resistant olive drab.

Floor Runners – Protects hallways from further damage during a fire.

Ground Covers – Protects your water tank from sharp objects on the ground.

Custom sizes are available for all the above products.

Staging Mats

- ★ 6' x 10' mat with pleats for oxygen tanks. Grommets in all four corners and includes labels.
- ★ Various wording available for these staging mats – "RESCUE," "RIT," "HAZMAT," "REHAB," "EXTRICATION," "EMS," "DECON," "FIRE RESCUE," etc.
- ★ Available in many colors.
- ★ 3' x 7' Staging SCBA mat with pleats. Includes labels of "Full" and "Empty."
