## Tarpestretcher® Motor

The Tarpestretcher is designed exclusively for lock down tarping. Standard on our patented knuckle arm dual arm lock-down STS Power Kits, the Tarpestretcher gear motor features our patented brake technology.

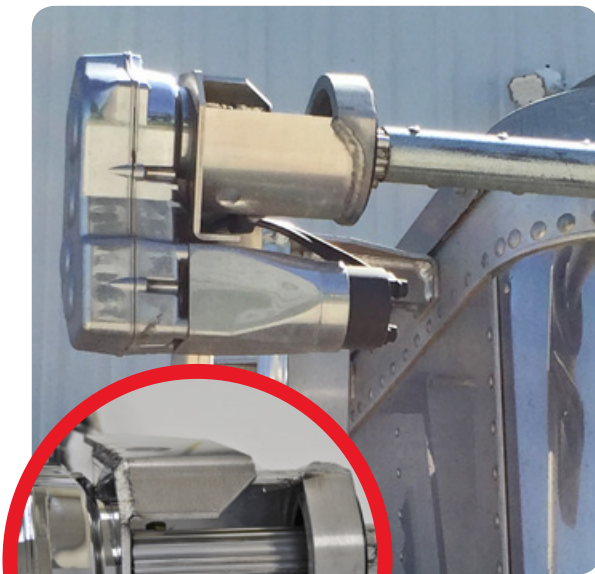

- **Engineered...** for high torque tarping demands of covering and locking down the tarp
- **High Polished...** chrome-plated case provides virtually corrosion-proof protection and adds a distinctive, professional appearance to your trailer
- **5-Year Warranty...** the industry's only non-prorated warranty against premature wearout
- **Heavy Duty Drive Connection...** drive connection to the motor is a heavy duty aluminum adaptor for increased performance and reliability
- **Easy Motor Disconnect...** single pin can be disengaged in minutes for manual operation

## Rite·Touch™ Controller with Patented One-Touch Technology

**Rite·Touch** Controller with patented one-touch technology is designed to allow the operator to open and close with one push of the button to start, stop and reverse direction.

The controller technology works by measuring and monitoring amperage load to a preset value. Water-proof case protects the controller from the most severe elements.

- **Remote Control...** Wireless RF transmitter allows for safe tarp operation from either the cab or from 360 walk-around position, with maximum range of 100 feet
- **Multi-Function...** remote works for side roll tarp and existing Roll-Rite® Rite-Trap™ hopper door openers that are paired with additional controllers
- **One-Touch Patented Technology...** industry's first One-Touch Tarp Technology (pat. 8,666,595)

## Dual Arm Patented Lock-Down Technology

Roll-Rite dual arm technology consists of a specially treated, high strength extruded aluminum alloy and our patented knuckle pivot technology. This combination provides the smoothest and most compact automated lock down roll tarp operation.

- **Patented Dual Arm Lock-Down...** features low profile front power arm and synchronized rear arm offering maximum load protection and containment
- **Patented Knuckle Pivot...** keeps constant tension on tarp for maximum control in wind conditions, allowing for operation even with various heaped loads
- **Bushing Mounted...** Reduces metal to metal contact for long wear life
- **Heavy Duty Adjustable Mounting Bracket...** Works on square or slope nose trailers for a perfect fit on all grain trailer makes and models

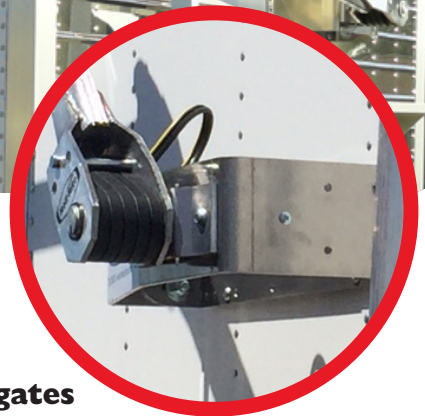

### Front Arm Knuckle Pivot Technology

### Synchronized Rear Arm

**Heavy Duty Adjustable Mounting Bracket**

## MultiFlex™ Rear Arm — For Trailers with Tailgates

Roll-Rite® GTX550 with our patented MultiFlex rear arm option allows full operation of all tailgates including dump, high-lift, barn door, and split gates:

- **Designed for Easy Retrofits...** attaches to existing 2" roll pipe via a thick wall polymer bushing that virtually eliminates wear
- **Heavy Duty Cable Design...** unaffected by cold and will not dry rot like other flexible products
- **Bushing Mounted...** external pivot with bushings eliminates metal on metal wear

## Grain Trailers Powered by Roll·Rite®

### Rite-Trap™ Rapid Install Hopper Door Openers

Roll-Rite® Rapid Install trap openers are designed for durability along with quick and easy installation. Rite-Trap openers are available pre-assembled, cutting installation time by up to 40%. Integrated aluminum housing protects the trap motor from road debris and road spray.

- **Patented Motor Technology...** innovative 'thru-shaft' motor delivers necessary torque for hard-to-crank grain doors
- **Wireless Remote...** control operation keeps you away from dust and debris
- **Universal Hinge Mount...** provides easy installation on all trailer models
- **Manual Override...** easy, one-pull pin access allows crank through in case of power failure

### Roll-Rite® GTX550 for Grain Trailers:

#### Dual Arm Power Kits:

38206 Roll-Rite GTX550, Dual Arm External Pivot W/RF Wireless Controller

#### Wiring Kit:

104190 Tractor Wiring Kit

#### Rite-Trap™ Hopper Kits:

100446 Rite Trap, Rapid Install Dual Door Power Kit

100447 Rite Trap, Rapid Install Dual Door Power Kit High Speed - for Belt-Style Doors

#### MultiFlex Rear Arm Option for Trailers with Tailgates

46515 MultiFlex™ Rear Arm - for 2-inch Axle

Automated Covering Systems
